Fall 2021 | Week 10

For Undergraduates in the UCLA College of Letters and Science

## What's Happening Week 10?

### MEChA Calmecac Calpulli Mentorship Program

The Calpulli Mentorship Program provides one-on-one group guidance and culturally relevant support to entering and continuing students. Entering students such as freshmen and transfers (mentees) are paired up with continuing students (mentors) to ease the transition into the university and build support networks through pairs and familias. Calpulli strives to facilitate the ability of mentors/mentees meeting other Raza students in order to grow holistically since they are encouraged to share their experiences and support one another while being part of a familia (family), which further extends their relationships. The application deadline has been extended to **Tuesday, November 30th**. You can find the mentor application [here](#) and the mentee application [here](#). For more information, follow @mecha\_calmecac on Instagram.
