With different aspects of our identity intersecting and shaping how we experience the world, the shore to security may feel too far away. But fear not because SEA CLEAR Wellness Component is here to save the day! Join us on March 9th from 6-7:30PM PT as we explore cultural intersections of identity, gender, and sexuality with a few special guest panelists! Through open conversation and dialogue, we can navigate the seas together. Join Zoom here.

Anne Saxelby Legacy Fund Apprentice Application

Anne Saxelby was a visionary trailblazer within the cheese industry. She was a business owner and a champion for real farmers, always eager to share the stories of the farmers who first introduced her to the cheese industry. The Anne Saxelby Legacy Fund (ASLF) provides month-long, paid apprenticeship opportunities for young adults to gain hands-on experience while living and working on sustainable farms. The purpose of ASLF is to provide young adults with opportunities on farms similar to those Anne Saxelby experienced in her early 20's. ASLF will teach young adults to appreciate the hard work of farm life, get a glimpse into a new artisan trade, learn about the importance of sustainability and being good neighbors, and incentivize apprentices to launch a business like Saxelby Cheesemongers. For more information, visit the website here and apply by April 1, 2022.
