What's Happening Week 9?

Master of Public Policy Virtual Diversity Research & Resource Fair
The Master of Public Policy (MPP) virtual Diversity Research & Resource Fair will be a day of connection and exposure to one of the many research centers at the Luskin School of Public Affairs. This year, there will be a presentation by distinguished faculty Dr. Tierra Bills on the Institute of Transportation Studies and its work within policy. They will also feature a student representative of the D3 Initiative at UCLA Luskin and finish with a panel of current MPP students. Attendees will have the opportunity to connect with faculty and ask students questions to learn more about their lived experiences. Note that while participants are encouraged to attend all three components, there is no requirement to do so. Registrants will receive a link to the Virtual Diversity Research & Resource Fair website prior to the event. The fair will be on Saturday, December 2nd, from 11 AM-2 PM PST. Register here!
